Go Out!

The downfall of the Germans when fighting against Russia was when the Russian winter kicked in. The Russians were comfortable in their own environment but not were the Germans. A theory sounds perfect in the mind of the professor, but needs to be tested in the laboratory.

A philosophy is great in the hills of Nepal but will it work in Malaga.

Judaism has been proven in the hills of the Himalayas and the streets of Manhattan. In the forests of South America to the deserts of Morocco. Judaism works everywhere and always.

Abraham was the first to try. Living in Charan (Iraq) Abraham discovers G-d and this great idea which later was called Judaism. In Charan there was plenty of time and peace of mind to grow and become inspired. G-d tells Abraham that he must “go”. He needs go to the place where G-d will show him. This turns out to be the land which is constantly in the threshold of all the worlds’ issues and revolutions.

Abraham in the middle of this turmoil tests and implements our greatest asset, Judaism.

Let’s be proud in our heritage and go!

Have a great Shabbat.

Warm regards,

Rabbi Shalom White
